

Below is the Newspaper Ad published yearly announcing college internship opportunities with Indiana 15 Regional Planning Commission.

COLLEGE INTERNSHIPS

INDIANA 15 REGIONAL PLANNING COMMISSION

Indiana 15 RPC will have summer internships for undergraduate or graduate college students from May through August of every year for community development and mapping projects within this six-county district in southern Indiana.

Planning Intern: The successful applicant will be interested in community development, regional planning, website development, graphic arts, and have working experience in PowerPoint, Photoshop, Word and Excel software programs.

GIS Intern: The successful applicant will be an engineering, planning or geography student interested in civil engineering, land management, AutoCAD, ESRI, GIS/GPS applications, and able to participate in strenuous field work and mapping activities.

For self-motivated and resourceful interns, Indiana 15 RPC offers a competitive hourly wage and learning environment within the atmosphere of an award-winning, dedicated team of professionals.

Send a cover letter and resume with three references by mail, or email to:
