13.08.010 Establishment of Program of Tax Abatement. There shall be available within the town limits of the Town of Holland a program of personal and real property tax abatement in accordance with I.C. 6-1. 1-12. 1-1 et. seq., as amended from time to time, for the redevelopment and/or rehabilitation of commercial and/or industrial property, and for the acquisition and installation of new manufacturing equipment in an area within the town limits of said Town which may be hereafter designated by the Town Board of said Town as an "economic revitalization area." The terms "economic revitalization area," "new manufacturing equipment," "property," "redevelopment," and "rehabilitation," as used herein, shall have the same meaning as said terms are defined by I.C. 6-1. 1-12. 1-1. (Ord. 3-85, S1, 1985)

13.08.020 Designation of Economic Revitalization Areas. The Town Board of the Town of Holland may, on its own initiative, or upon application by a property owner, adopt a declaratory resolution designating a particular area within the town limits of the Town of Holland as an economic revitalization area. The resolution shall contain a description of the affected area. The resolution may establish general standards having a reasonable relationship to the development objectives of the affected area, including the requirements set forth in the definition of an "economic revitalization area." Two sets of standards may be established, one relative to the deduction allowed for improvements to real property, and the other relative to the deduction allowed for manufacturing equipment. The resolution may also impose appropriate limitations or restrictions as provided in I.C. 6-1. 1-12. 1-2 (g).

Upon adoption of a declaratory resolution designating an area an economic revitalization area, a public hearing will be conducted to hear any remonstrances and objections from interested persons, and the Town Clerk-Treasurer shall publish notice of the adoption and substance of the declaratory resolution and the time and date for the public hearing in accordance with I.C. 5-3-1. Said notice shall state that a description of the affected area is available and can be inspected in the County Assessor's Office.

At the public hearing, the Town Board will receive and hear any remonstrances and objections from interested persons regarding the declaratory resolution designating an area to be an economic revitalization area. Thereafter, the Town Board will determine whether the qualifications for an economic revitalization area have been met and may confirm, modify and confirm, or rescind their previous declaratory resolution. (Ord. 3-85, S2, 1985)

- (6) The assessed value of the real property and its improvements before rehabilitation or redevelopment, and/or the assessed value of the tangible personal property in use at the facility before the acquisition of new manufacturing equipment;

- (8) A statement describing how the public health and welfare will be benefited by this particular rehabilitation, redevelopment, or acquisition of new manufacturing equipment, including a statement describing the proposed use;

- (10) A statement indicating whether a building permit has been issued for construction on the property in connection with the improvements in question, and/or a statement indicating whether the new manufacturing equipment in question has been purchased or installed;

- (11) A statement indicating that the area sought to be found an economic revitalization area has become undesirable for or impossible of normal development and has experienced a cessation of growth, deterioration of improvements or character because of lack of occupancy, age, obsolescence, substandard buildings, or other factors which have impaired values and prevents normal development of the property or property use; and,
- (12) For tangible personal property tax abatement applicants, a statement indicating that any existing manufacturing equipment is technologically, economically, or energy obsolete and that such obsolescence may lead to a decline in employment and tax revenues, and that the proposed new manufacturing equipment is to be used in the direction production, manufacture, fabrication, assembly, processing, refining or finishing of other tangible personal property.
- (13) For real property tax abatement applicants, a statement indicating that any existing facility or group of facilities are technologically, economically, or energy obsolete and that such obsolescence may lead to a decline in employment and tax revenues, and that the rehabilitation or redevelopment of said facility or group of facilities will curb or eliminate any further decline in employment and tax revenues.

Upon receipt of the application by the Clerk-Treasurer and an application fee in the sum of Seventy-Five Dollars (\$75.00) to defray the processing and administrative costs, the Town Clerk-Treasurer shall refer the application to the Town Board for the purpose of investigation and consideration in accordance with the foregoing provisions of this Chapter.
