15.04.010 Definitions, rules of construction. Terms used in this chapter shall have the meanings prescribed for such terms by the Motor Vehicle Laws of Indiana, unless otherwise specifically defined as follows:

- (1) Police officer means every officer of the town and any other duly constituted law officer who may be aiding the police force of the town at any time, including state and county officers.
- (2) Any reference in this ordinance to a specific street, avenue or drive shall be deemed to be a reference to the exact and correct name of such street so long as the first part of the name before the word street, avenue or drive, as the case may be, is correctly stated. (Ord. 2007-12, S1, September 20, 2007)

15.04.020 Stop intersections. The intersections described in Schedule A are designated stop intersections. When appropriate signs conforming to the requirements of this ordinance are erected at the entrances to such intersections, the operator of a vehicle approaching any of the streets where a sign has been erected shall bring such vehicle to a full and complete stop in obedience to any such sign before entering the intersection, except when directed by a police officer to do otherwise. (Ord. 2013-04, S1, S2, April 18, 2013) (Ord. 2008-11, S2, July 17, 2008) (Ord. 2008-10, S2, July 17, 2008) (Ord. 2007-12, S2, September 20, 2007) (Ord. 2007-5, Apr. 19, 2007) (Ord. 2007-03, February 15, 2007) (Ord. 2004-5, March 18, 2004) (Ord. 2001-11, March 15, 2001) (Ord. 2001-10, March 15, 2001) (Ord. 2001-8, March 15, 2001) (Ord. 2001-6, March 15, 2001) (Ord. 2001-5, March 15, 2001) (Ord. 2000-7, September 21, 2000) (Ord. 2000-6, August 17, 2000) (Ord. 1996-5, May 16, 1996) (Ord. 1995-12, August 17, 1995) (Ord. 1995-3, March 2, 1995) (Res. 1994-1, January 6, 1994) (Ord. 1976-5, No date) (Ord. 1976-3, No date) (Ord. 1974-3, April 16, 1994) (Ord. 211, Sec. 1, March 19, 1952)

15.04.030 Multi-stop intersections. The intersections described in Schedule B are designated as multi-stop intersections and which may be a four-way stop, a three-way stop, a two-way stop, or an all-way stop. When appropriate signs conforming to the requirements of this ordinance are erected at the entrance to such intersections, the operator of a vehicle entering any of the streets shall bring such vehicle to a full and complete stop before entering the intersection, except when directed by a police officer to do otherwise. (Ord. 2013-04, S1, S2, April 18, 2013) (Ord. 2007-12, S3, September 20, 2007)

15.04.040 Signaled intersections. The intersections described in Schedule C are designated as signaled intersections. When appropriate traffic-control signals conforming to the requirements of this ordinance are installed at each intersection, the operator of a vehicle entering the intersections shall obey the signal displayed as the driver approaches the intersection, except when directed by a police officer to do otherwise. (Ord. 2007-12, S4, September 20, 2007)

15.04.050 Authority of police.

- (1) It is the duty of the police department to enforce the provisions of this ordinance pursuant to IC 9-4-1-28(a)(2). Officers of the police department are hereby authorized to direct all traffic either in person or by means of visible or audible signal in conformance with the provisions of this ordinance, provided that in the event of a fire or other emergency or to expedite traffic or to safeguard pedestrians, officers of the police or fire departments may direct traffic as conditions may require, notwithstanding the provisions of this ordinance.
- (2) The police department is hereby empowered to make and enforce regulations necessary to make effective the provisions of this chapter and to make and enforce temporary regulations to cover emergencies.
- (3) It shall be unlawful for any person to refuse or fail to comply with any lawful order, signal or direction of a police officer. (Ord. 2007-12, S5, September 20, 2007)

15.04.060 Emergency vehicles.

- (1) The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual suspected violator of the law or when responding to but not upon returning from a fire alarm, may disregard regulations governing direction of movement or turning in specified directions as required by this ordinance.
- (2) The exemption herein granted to the driver of an authorized emergency vehicle shall apply only when the driver of the vehicle while in motion sounds an audible signal by bell, siren or exhaust whistle as may be reasonably necessary, and when the vehicle is equipped with at least one lighted lamp displaying a red light visible under normal atmospheric conditions from a distance of 500 feet to the front of such vehicle, except that an authorized emergency vehicle operated as a police vehicle need not be equipped with or display a red light visible from in front of the vehicle.

- (3) The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard for the safety of others. (Ord. 2007-12, S6, September 20, 2007)

15.04.070 General penalty. Any person, firm or corporation violating any of the provisions of this ordinance, upon conviction thereof, shall be prosecuted in accordance with the laws of the State of Indiana. (Ord. 2013-04, S3, April 18, 2013) (Ord. 2008-11, S3, July 17, 2008) (Ord. 2008-10, S3, July 17, 2008) (Ord. 2007-12, S7, September 20, 2007) (Ord. 2007-5, S3, Apr. 19, 2007) (Ord. 2007-03, S3, February 15, 2007) (Ord. 2004-5, S3, March 18, 2004) (Ord. 2001-11, S3, March 15, 2001) (Ord. 2001-10, S3, March 15, 2001) (Ord. 2001-8, S3, March 15, 2001) (Ord. 2001-6, S3, March 15, 2001) (Ord. 2001-5, S3, March 15, 2001) (Ord. 2000-7, S3, September 21, 2000) (Ord. 2000-6, S3, August 17, 2000) (Ord. 1996-5, S3, May 16, 1996) (Ord. 1995-12, S5, August 17, 1995) (Ord. 1995-3, S5, March 2, 1995) (Ord. 1976-5, S4, 1976) (Ord. 1976-3, S4, 1976) (Ord. 1974-3, April 16, 1974) (Ord. 211, S3, March 19, 1952)

15.04.080 Inconsistent Ordinances Repealed. All ordinances or parts of ordinances in conflict with this Ordinance are hereby repealed. (Ord. 2007-12, S8, September 20, 2007)

15.04.090 Effective date. This ordinance shall be in full force and effect from and after its passage by the Town Council, the posting of signs, and publication as provided by law. (Ord. 2007-12, S9, September 20, 2007)

YIELD THE RIGHT OF WAY

Sections:

15.05.020 Yield streets designated

15.05.030 Duty of driver upon approaching the yield sign

15.05.040 Yield sign posting and specifications

15.05.020 Yield streets designated. That all vehicles traveling west on Hall Street approaching its intersection with Oak Street, shall yield to north-south traffic on Oak Street. (Ord. 2007-07, S2, July 19, 2007)

15.05.030 Duty of driver upon approaching the yield sign.

- (1) When a yield sign is erected pursuant to this chapter at or near the entrance to said intersection, every driver of a vehicle proceeding shall yield before entering the intersection. (Ord. 2007-07, S3a, July 19, 2007)
- (2) The driver of a vehicle approaching a yield sign, in obedience to such sign, shall slow down to a speed reasonable for the existing conditions or shall stop, if necessary, and shall yield the right-of-way to any pedestrian legally crossing the street on which he is driving and to any vehicle in the intersection or approaching so closely as to constitute an immediate hazard. The driver, having so yielded, may proceed and the driver of all other vehicles approaching the intersection shall yield to the vehicle so proceeding; provided, however, if the driver is involved in a collision with a pedestrian in a crosswalk or a vehicle in the intersection after driving past a yield sign without stopping, the collision shall be deemed prima facie evidence of his failure to yield the right-of-way. (Ord. 2007-07, S3b, July 19, 2007)
- (3) Any driver and any owner of any vehicle being driven or propelled in the Town of Orleans, Orange County, Indiana, who while driving such vehicle or causing same to be driven, shall fail to yield at the designated yield intersections in Section 15.05.020 as provided herein shall be deemed guilty of a violation of this Ordinance and shall be prosecuted in accordance with the laws of the State of Indiana. (Ord. 2007-07, S3, July 19, 2007)

15.05.040 Yield sign posting and specifications. Every yield sign shall be erected and located in accordance with the manual and specifications approved by the Indiana Department of Transportation. (Ord. 2007-07, S4, July 19, 2007)

- 15.80.110 Bond, insurance
- 15.80.120 Application evaluation
- 15.80.130 Application fee
- 15.80.140 Time limits

15.80.010 Definition. An excavation within the meaning of this ordinance shall be any digging, holing, scooping, cutting, drilling or hollowing which penetrates the surface of any street or alley within the corporate limits of the town. (Ord. 2008-4, S1, March 20, 2008)

15.80.020 Approval of Town Council. It shall be unlawful for any abutting owner to alter, cut, dig, remove or cut any grass plot, sidewalk, the pavement of the street or public way, or the curb adjacent thereto, or to excavate in a street, for the purpose of locating or constructing any private or commercial driveway or roadway for vehicles to cross over such grass plot or sidewalk, or for the installation of utilities, to afford access to his premises, without first obtaining a license therefor without first submitting an application in writing to the Town Council and obtaining the approval of the application by the Town Council, unless such person undertakes such activity pursuant to a formal request by the Town Council. (Ord. 2008-4, S2, March 20, 2008)

15.80.030 Standards and specifications for construction. It shall be the obligation of any person obtaining a license for an opening or excavation in the public right-of-way to backfill the excavation and replace the pavement as set forth in the following specifications:

- (1) **Backfill.** All excavations under pavement shall be backfilled with clean granular material meeting the requirements of section 211 of the Indiana State Highway Standard Specifications. Each layer shall be compacted to at least 95 percent of the maximum dry density as determined by AASHTO T99, as modified. Special care shall be taken in filling around sewers, water pipes, gas lines, etc., to keep the earth at the same height on both sides to avoid shifting. No removed paving materials or debris shall be used in backfilling the excavation unless approved by the Street Superintendent or its designee.

Excavations not under pavement may be backfilled with virgin material removed from the excavation.

- (2) **Pavement and replacement.** All pavement shall be replaced with a type of construction equal to or better than that which is removed and as approved by the Street Superintendent. All cuts in pavement shall be first outlined with a saw cut not less than 1 1/2 inches deep.
- (3) **Concrete or brick pavements.** Concrete used in the replacement of concrete or brick pavements not presently surfaced with an asphaltic material shall consist of six-bag concrete with seven percent air entrainment. Slump shall not exceed three inches. Coarse aggregate shall be limestone or blast furnace slag. No natural gravel aggregate will be allowed. Brick pavement will be replaced with eight inches of concrete except in some residential streets where the Street Superintendent may require the brick to be replaced. Where concrete that has an asphaltic concrete surface is replaced, six-bag concrete shall be used and the concrete shall be finished flush with the surface of the existing concrete and the asphaltic surface replaced.
- (4) **Hot asphaltic concrete, sheet asphalt, emulsified asphalt, chip seals, and oil mat pavements.** All asphaltic and oil type pavements shall be replaced with a hot asphaltic concrete surface conforming to the standard specifications, hot asphaltic concrete base, binder and surface of these prevailing specifications. The thickness of the pavement shall be equal to that which existed, but not less than three inches. Not less than 11 inches of coarse aggregate class A or B, size No. 53 shall be placed under any asphaltic concrete patch unless a concrete base is necessary. Asphalt placed over a concrete patch shall be cut back six inches around the concrete patch so that the two joints are offset.
- (5) **Temporary patch.** If it is not possible due to weather conditions for the licensee to replace the pavement within 14 days following completion of work, a coarse aggregate base eight inches thick and a cold asphaltic surface shall be applied and maintained as a temporary patch until permanent repairs can be made. In no case shall a temporary patch be maintained more than six months before permanent repairs are made.

For additional construction standards and specifications as required by the Town, consult with the Street Superintendent. (Ord. 2008-4, S3, March 20, 2008)

15.80.040 Work site security. Any person making an excavation in or underneath the surface of a street, alley, or public place in the town shall erect and place suitable warning barriers, signs, and lights at or near the excavation, in such a manner as to prevent damage to persons and property that might otherwise result from or be caused by the presence of such excavation. (Ord. 2008-4, S4, March 20, 2008)

15.80.050 Commencement of construction, inspections.

- (1) The licensee is required to contact the Town Superintendent one day before the cut is to be made. An inspector will visit the construction site to determine that construction, safety, and repair methods as provided for in the approved license are implemented. The inspector shall verify that all of the conditions of the license are being met and work is in compliance with city standards.
- (2) The number of interim inspections necessary will depend upon the type and size of the job.
- (3) Upon completion of the work, the licensee is required to contact the Town Superintendent. An inspector shall verify that all of the conditions of the license have been met and work is in compliance with town standards. Any equipment, surplus materials, and construction debris of any description shall be removed and the entire area put in a neat and orderly condition. All manholes, catch basins or other structures disturbed or adjacent thereto shall be examined, any debris caused by the licensee shall be removed therefrom, or any damage caused by the licensee shall be repaired by the licensee.
- (4) Upon acceptance by the inspector, the date of completion shall be noted on the inspection form. The licensee's performance and damage bond shall guarantee the maintenance of the work for a period of one year from that date. One year after the date of final inspection and approval, the licensee's bond shall be released, provided the quality and workmanship of the excavation have been maintained and the work remains in compliance with town standards. (Ord. 2008-4, S5, March 20, 2008)

15.80.060 Penalties.

- (1) Any person who shall make an excavation or opening in or underneath the surface of any street, alley or public place in the town without a proper license from the town, or of larger dimensions than is authorized by such license, or without having on file a proper bond or certificates of insurance, or fails to erect or maintain suitable warning signs, lights or barriers at or near any such excavation in order to prevent damage to persons and property, or fails to fill in any excavation or opening promptly when the work has been completed therein, or who fails to apply for or pay for a license after making an emergency excavation, or who shall fail to, neglect, refuse or omit to perform or discharge any other act or duty imposed by this article, shall be punished as hereafter provided.
- (2) If any licensee shall violate any of the provisions of this ordinance, or shall cause or create a public nuisance, or create a condition which is hazardous to the public health, safety, or welfare, or otherwise act unlawfully in connection with this article, the town may enjoin such person from further excavation activities.

- (3) In addition to the remedies provided in this section, if any licensee shall violate any of the provisions of this ordinance, the town may take all appropriate legal action to call and collect upon the surety bond posted by the licensee.
- (4) In any action commenced by the town to enforce the provisions of this article, and in any legal proceedings initiated by any applicant or licensee, if the town shall prevail therein, the applicant or licensee shall pay the town's attorney's fees incurred in connection with such proceedings, at the rate customarily charged by the town's attorney to non-municipal clients. (Ord. 2008-4, S6, March 20, 2008)

15.80.070 Use of funds. All fees received for issuance of licenses under this ordinance shall be credited and go to the street department fund of the town. All fines and penalties shall be paid to the general fund of the town. (Ord. 2008-4, S7, March 20, 2008)

15.80.080 Location of town utilities. Before the commencement of work under this ordinance, the utility lines and facilities of the town within the area of the work shall be located. The licensee shall pay any fees incurred for this location service. The location service fee, if any, shall be paid at the time the license fee prescribed by this ordinance is paid. (Ord. 2008-4, S8, March 20, 2008)

15.80.090 Emergency situations. If an emergency arises which requires any person to cut, break, alter, change or disturb the surface of any street, alley, boulevard, or other public place, or the ground underneath any such surface, in the town immediately, such person shall contact the Street Superintendent. Verbal approval for the street excavation may be granted by the Street Superintendent allowing the applicant to begin work immediately. However, the applicant shall appear at the clerk-treasurer's office the following day to complete the license application in accordance with this ordinance. In addition, any person obtaining approval for an emergency street excavation shall be required to comply with all the other terms and provisions of this article. (Ord. 2008-4, S9, March 20, 2008)

15.80.100 Application, contents. Whenever any person shall desire to cut, alter, change, break, or disturb the surfaces or cut underneath the surfaces enumerated in this ordinance, such person shall make and file with the clerk-treasurer a written and sworn application for a license on a form to be prescribed by the Town Council, setting out therein the following information:

- (1) The name, address and occupation of the applicant seeking the license.
- (2) The reason for seeking the license.
- (3) The nature of the work to be accomplished.
- (4) The length of time within which the work is expected to be accomplished.
- (5) The date when the work is expected to be commenced.

- (6) The location and area of the surface to be broken.
- (7) A project description including the length, width, and depth of the cut and whether in pavement, curbing or sidewalk.
- (8) A description of the surface to be cut (e.g., asphalt, concrete, gravel, etc.). If more than one type of surface is to be cut, the length, width, and depth within each surface must be specified.
- (9) Proposed safety features, as well as a proposed schedule outlining the extent of open excavation.
- (10) If the license application involves grading and/or drainage work that will affect the town right-of-way, the following:
 - A. Drainage plan including all drainage structures and calculations.
 - B. Grading site plans.
- (11) Any additional information that may be helpful to the Street Commissioner.

Such application shall have attached thereto a clearly drawn sketch of the location with all distances and dimensions marked, and four sets of construction plans. (Ord. 2008-4, S10, March 20, 2008)

15.80.110 Bond, insurance.

- (1) Before any license shall be issued under the provisions of this division, the applicant shall execute and file with the clerk-treasurer a personal guarantee, bond or certified check in the minimum sum of \$ 1,000.00 with proper surety, conditioned that such obligors will indemnify and save the town harmless against loss or damage that may be caused by the excavation or that may arise or result therefrom, or from a failure or omission to keep or maintain adequate and proper warning signs, lights, or barriers at the site of the excavation, and further conditioned that the applicant will fill the excavation up to the surface thereof when the work is completed and that the surface shall be restored to its prior condition. The bond shall also contain a condition that in case an excavation is made by the principal obligor in an emergency when the clerk-treasurer's office is closed, he will apply and pay for the proper license on the first day such office is open. All personal guarantees or bonds shall be subject to the approval of the Town Council or its designee.
- (2) If any applicant shall have on file a good and sufficient personal guarantee or bond in the office of the clerk-treasurer, the same shall cover any one or more excavations for which a license has been issued, provided that the Town Council or its designee may demand a new personal guarantee or bond

when in its judgment such is required by the number of excavations applied for by the applicant.

- (3) The Town Council may require the applicant to furnish proof of liability insurance in the following amounts:
 - A. Property damage \$ 250,000.00
 - B. Injury, per person 250,000.00
 - C. Injury, per occurrence 1,000,000.00
- (4) If so required, the applicant must show proof of premium payment for such insurance for a period of one year from the date of the commencement of work. (Ord. 2008-4, S11, March 20, 2008)

15.80.120 Application evaluation.

- (1) The Street Superintendent shall preliminarily evaluate the application solely for the purpose of determining whether it is complete and complies with this ordinance. If not, it shall be returned to the applicant and no further action shall be taken by the town.
- (2) If the application is complete, the Street Superintendent shall review the plans submitted by the applicant to determine the effects of work site activity on drainage, erosion control, curbs, sidewalks and the need for restoration of vegetation and fences.
- (3) Upon completion of the Street Superintendent's review, the application shall be forwarded to the street department for verification of all pertinent field conditions described by the application and the attached construction plans.
- (4) The application evaluation by the Street Superintendent shall be completed within ten days after the application is submitted. Based upon his evaluation, the Street Superintendent may recommend that special conditions or requirements be attached to approval of the application.
- (5) Upon completion of the application evaluation by the Street Superintendent, the Town Council at its first regular meeting, or the Council's designee shall determine whether the application should be granted or denied. If Town Council, or its designee shall find, after due consideration of all criteria set forth in this ordinance, and after consideration of any other matters affecting the public health, safety, or welfare, that the application should be granted, then a license shall be issued to the applicant subject to the provisions of this ordinance and any special conditions or requirements which the Council or its designee deems appropriate; and if the Council or its designee shall find otherwise, then the application shall be denied. (Ord. 2008-4, S12, March 20, 2008)

15.80.130 Application fee. Each application shall be accompanied by a nonrefundable application fee in the amount of \$25.00, which fee shall be paid in the form of cash or by guaranteed negotiable instrument. (Ord. 2008-4, S13, March 20, 2008)

15.80.140 Time limits.

- (1) License time limit. Upon approval of the license under this division, the applicant shall have three months in which to complete construction. If construction may require additional time for completion, a 30-day extension may be granted to applicant at no additional cost provided such extension is applied for prior to expiration of the license. If an extension request is not submitted prior to license expiration, construction will be halted until such time as licensee shall:
 - A. Reapply for an additional street cut license;
 - B. Obtain approval of the application; and
 - C. Post bond, pay the required fees and comply with all other conditions of the license.

Where a street cut license is issued in conjunction with a building permit, the license time limit shall be extended to coincide with the time limitations enforced by the building permit.

- (2) Excavation time limit. For open cuts within a paved area, the excavation time limit shall not exceed one day. Before licensee leaves the site, pavement excavation must be replaced as specified in this ordinance and returned to a traversable condition.
- (3) License limitations. License approval is granted solely for use as indicated on the plans and application as authorized by the reviewers representing the Street Superintendent. Approval cannot be transferred to a contractor or location other than as indicated on the license without written permission of the Town Council or its designee. (Ord. 2008-4, S14, March 20, 2008)
