NATURAL GAS FRANCHISE AGREEMENT
BETWEEN
TOWN OF SPURGEON, INDIANA, ACTING THROUGH ITS BOARD OF TRUSTEES
AND
SOUTHERN INDIANA GAS AND ELECTRIC COMPANY

THIS AGREEMENT, made this 4th day of June, 1985, between the TOWN OF SPURGEON, INDIANA acting by and through its Board of Trustees (hereinafter called the "Municipality"), Party of the First Part, and SOUTHERN INDIANA GAS AND ELECTRIC COMPANY (Sigeco) (hereinafter sometimes called the "Grantee"), Party of the Second Part,

WITNESSETH, That:

WHEREAS, it is in the best interest of the Municipality and the inhabitants thereof that natural gas be distributed to customers in the Municipality and the Municipality has requested the Grantee to attempt to purchase and obtain a supply of natural gas for such purpose and to attempt to arrange the necessary financing to defray the cost of the plant, property, equipment, facilities and system required for such distribution and natural gas service; and

WHEREAS, the Grantee has expressed a willingness to undertake such action pursuant to such request, but cannot effectively negotiate for the purchase of such natural gas supply or for such financing unless it has a franchise to distribute natural gas in the Municipality;

NOW, THEREFORE, in consideration of the premises, the mutual covenants herein contained, and each act done or to be done by the

Parties hereunder, the Parties agree as follows:

Section 1. The Municipality hereby grants unto the Grantee, its successors and assigns, an exclusive indeterminate permit, franchise, right and privilege to lay, install, alter, move, remove, replace, renew, repair, maintain, extend and operate, in, along, upon and under any and all of the streets, alleys, commons, bridges and other public places within the Municipality, within its present and future corporate limits, one or more gas mains, pipes, manholes, conduits, and all necessary feeder, service pipes and other facilities, appliances, apparatus and structures for the purpose of supplying and furnishing natural gas to the Municipality and the inhabitants thereof and the public in general and all customers of the Grantee residing within or without the corporate limits of the Municipality, for lighting, fuel, and all other purposes, including the right to transmit, transport, distribute, purchase, furnish, supply and sell natural gas within the Municipality and to transmit and carry the same through such mains and pipes to territory beyond the Municipality, all without charge or license fee therefor and subject to all reasonable police regulations now or hereafter lawfully adopted by the Municipality, pertaining to the use of the streets and the location of such mains, pipes or conduits.

Section 2. In laying, installing, altering, moving, removing, replacing, renewing, repairing, maintaining, extending and operating

said gas mains, pipes, manholes, conduits, feeders, service pipes, and other facilities, appliances, apparatus and structures constructed and installed by the Grantee hereunder, the Grantee shall obstruct the streets, alleys and public places to such extent only as shall be reasonably necessary.

Section 3. The Grantee may make all necessary excavations and openings in the streets, alleys and other public places of the Municipality for the purposes aforesaid, and when making such excavations and openings shall exercise reasonable care, by signals, guards, barricades or otherwise, to protect the public from injury to persons and property; and the Grantee shall save and hold the Municipality harmless from all compensatory damages against it, arising on account of any default, or negligence by the Grantee in the construction, maintenance and operation of its gas system within the town, provided the Municipality shall promptly notify the Grantee of any claim or suit. The Grantee shall restore all streets, alleys and public places opened by it for the purposes aforesaid, to as nearly as practicable the same order and condition as the same were in before such opening.

Section 4. The Grantee will use reasonable care to initiate service of, and thereafter to furnish and maintain, a regular, adequate, dependable supply of natural gas for lighting, fuel, and all other purposes to the Municipality and the inhabitants thereof.

The Grantee's rights under this Agreement shall not be prejudiced by, and the Grantee shall not be liable for any damage occurring to the Municipality or to any customer in consequence of, any failure to furnish or supply natural gas of any particular character at any time or times if such failure is not accompanied by a default or neglect of the Grantee or is due to strikes, storms, accidents, riots, acts of the public enemy, delays of any common carrier, default of any connecting or of the Grantee's suppliers, judicial process, acts of God, state or municipal interference, any governmental restrictions or regulations, breakdowns of or injuries to machinery, transmission or distribution system, or necessary repairs, or other causes beyond the control of the Grantee, its successors or assigns.

If, however, within twenty-four months from the date of this Franchise Agreement the Grantee has failed to obtain an agreement for the purchase of a supply of natural gas for distribution to customers in the Municipality, or if, within twelve months after the obtaining of any such agreement the Grantee has failed to

commence construction of the plant, property, equipment, facilities and system required for the distribution of natural gas and the rendering of natural gas service to customers in the Municipality, then the Municipality, by and through its Board of Trustees, may, at its option, terminate this Franchise Agreement and declare the same void and of no legal effect.

Section 6. The natural gas to be furnished to the Municipality and the residents and inhabitants thereof shall be of such nature, character and quality, shall be furnished at such pressure and shall be sold at such rate or rates as may from time to time be lawful and be shown on the schedule of applicable rates on file with and approved by the Public Service Commission of Indiana, and in accordance with the laws of the State of Indiana.
