

## ***Summer Intern GIS Technician***

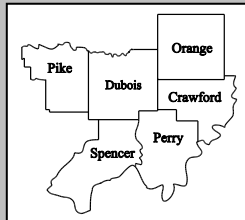

### ***INDIANA 15 REGIONAL PLANNING COMMISSION***

Indiana 15 RPC will have a summer internship for an undergraduate or graduate college student from May through August 2022 for mapping and community development projects within this six-county district in southern Indiana.

The successful applicant will be an engineering, planning or geography student interested in civil engineering, land management, AutoCAD and able to participate in potential field work and mapping activities.

Indiana 15 RPC offers a competitive hourly wage and learning environment among an award-winning, dedicated team of professionals for self-motivated and resourceful interns with the ability to multi-task.

Send a cover letter and resume with three references by mail or email by April 5, 2022 to:
